OFFICE OF THE FISCAL COURT OF ROCKCASTLE:

Sealed proposals addressed to the Fiscal Court of Rockcastle County for the construction of that part of the road leading to the Madison County line for a Mt. Vernon, Ky., between Mt. Vernon and Roundstone station, known as State Aid road No. 43, will be received up to noon Oct. 4, 1915, and will be publicly opened and read at 2 o'clock p. m. on said date. The plans and specification for said road may be seen at the office of the Clerk of the Rockcastle County Court, at Mt. Vernon, having been approved by the Fiscal Court of Rockcastle County and the Commissioner of Public Roads, and bids must be for the work done in accordance with said plans and specifications. This road is approximately seven miles.

Bids will be received on the work as a whole, or for the first three miles out of Mt. Vernon, or for each mile separately. Bids will also be received for grading and macadamizing of said road separately, in the same divisions just set out. The said Fiscal Court reserves the right to reject any and all bids.

Before contracts are binding on the first parties they must receive the approval of the Commissioners of Public Roads. Each bid must be accompanied by cash or certified check, payable at sight to the order of the County Treasurer for 5 per cent. of the amount of the proposal; which check shall be held until the execution of the contract.

Before the contract is awarded, the successful bidder will be required to furnish a bond equal to the amount of the proposal for the faithful performance of the work in accordance with the aforesaid plans and specifications.

All work to be done under the directions and supervision of the state road department.

By order of the Fiscal Court of Rockcastle County.

S. F. BOWMAN,
Clerk, Rockcastle County Court.

JUDGE W. R. CRESS

The highway question is still a live one, and not dead, as some local people have been led to believe, on account of a few of our counties seeming to be asleep in the line of construction, among them is our own county, the indications are that a portion of one of the three lines will be let within the next five weeks. The Dixie Boone will be completed thru Bell county before Christmas. Knox and Laurel are in about the same shape as Rockcastle as far as construction is concerned. There is no doubt that these thru highways will be built, but the long delay in beginning the work in the three counties mentioned is annoying to say the least.

In connection with the 124 counties that are applicants for state aid to apply on inter-county seat roads. Our State will have a number of important thru highways including Boone Way from Cumberland Gap via Mt. Vernon, Louisville, East Dixie Highway, from Cumberland Gap, via Mt. Vernon, to Cincinnati. West Dixie Highway from Louisville to Nashville. The Northern terminus of Dixie Highway is Chicago; the Southern is Miami Florida, with East and West loops at Indianapolis, converging at Chattanooga. Dixie Bee Line is proposed to run from Chicago to Nashville via Evansville, Henderson, Hopkintonville, Guthrie, &c. The Jackson Highway with loops, one beginning at Chicago, running to Louisville and there converging with Eastern loop, starting from Niagara Falls, coming into Kentucky at Maysville, passing thru Fleming, Nicholas and Bourbon counties to Lexington, thence over the route of Boone Way (Boone-Jackson Highway) to Louisville. From Louisville to New Orleans the Jackson Highway will probably be routed via Bardonia, Glasgow, Scottsville, Nashville, Birmingham, Montgomery, Mobile and on to the crescent city. Ten states are represented in a big convention that met in Nashville yesterday for a two days conference at which the routing of this highway was to be done and the election of officers. Peter Lee Atherton, of Louisville, now temporary President, will, no doubt, be elected to that office as he has done more to push forward the movement than any other person.

Eastern Kentucky counties, including Letcher, Leslie, Berry, Breathitt, Lee and Estill, have started a movement for constructing a highway from Whitesburg to Richmond, to connect at the latter point with the Dixie Highway. It has been stated the road would be named the "McCreary Highway" in honor of our Governor, who has been such a friend to the good roads movement in Kentucky.

The Kentucky Gazette, founded by John Bradford, August 11, 1787, at Lexington, Ky., the first newspaper published west of the Alleghenies, has been revived and began its weekly publication with headquarters in Inter-Southern building, Louisville, by the Gazette Publishing Co.,

The Kentucky Gazette in all the years of its history has never lost its identity or been merged with any other paper. To day it holds unchallenged its title as "Pioneer Newspaper of the West" and the publishers of the paper you hold in your hand, in reviving The Kentucky Gazette, have as their ambition the desire to make it "a Kentucky paper, for Kentucky, by Kentucky, for Kentucky." It is intended to be the medium of expression for every Kentuckian who desires to use it. It is non-political and non-sectarian. Its energies will be devoted

to the welfare of Kentucky—to Kentucky's industries, agricultural line, education and social life."

LINCOLN BOND ELECTION

By the majority of only 52 votes, the proposition to issue \$130,000 in bonds to build new pikes and improve the old roads in Lincoln county was defeated at the special election Saturday. The vote was 864 for the bonds and 916 against. The question of whether a two thirds vote is necessary to vote bonds is now before the court. Many contend that the courts will hold that only a majority vote is required, which is what the one who favored the bond issue hoped to get in the election Saturday. Those who are for a bond issue to rebuild the Lincoln county roads say that another election will be called within a few months when the condition of the public thoroughfares becomes more apparent to the people as winter weather sets in. An analysis of the vote cast shows that only a very small part of the voting population of Lincoln county participated in the election. Out of about 4,000 votes in the county less than 1,800 votes polled, which shows an amazing lack of interest in the subject. Up to the last end the vote was overwhelmingly in favor of the bonds as the people of Crab Orchard want and need very badly a pike from the metropolis of the East End out to Bee Lick.—Interior Journal.

The largest underwriting syndicate the Western world has ever known was in process of formation to day to handle the proposed "billion dollar" credit loan to Great Britain and France, which it was reported to a sum yet to be determined, between \$600,000,000 and \$800,000,000.

This mammoth syndicate, according to tentative arrangements said to have been agreed upon, will be nation-wide in its character and will comprise national and state banks and trust companies from the Atlantic to the Pacific. A number of so-called pro-German financiers, it was reported, will join the syndicate if it finally agreed that the proceeds of the big loan shall be available only for commodity exports and not for munitions of war. The price at which this syndicate will put out the British and French government bonds which will be issued to secure the issue will be par. The bonds will pay 5 per cent interest and will be a first mortgage upon the entire British Empire and France and her colonies. All other obligations of the two nations will be subordinated to the proposed big bond issue here. Even the staggering sums raised by bond issues at home, with which the war has been carried on, will come second to the loan to be floated here when the time comes to pay the principal.

Disputants

THE farmers are very busy now saving fodder and making sorghum. Corn is short in this part and lots of farmers are moving their cornfields especially in the bottoms where the corn drowned out.—There is a revival meeting going on at Clear Creek Baptist church, conducted by Rev. H. Ponder. It began Sept. 12, and probably will continue to next Sunday. There has been ten additions and the interest seems to increase. The church house will not accommodate the people. Sidney B. Croucher, a widower, aged 52, and well known all over the county, on Sept. 10, stole Miss Myrtle Berry, age 17, the daughter of J. J. Berry, and eloped to Jellico, Tenn., and were married. Their many friends are in wishing them a happy life.

Mr. D. Lester Clark, son of Mr. W. G. Clark, deceased, and a bright young man, was married on Sept. 9th, to Miss Delia Ballinger, the charming daughter of Mr. John K. Ballinger, of Lohetown, Squire Chastain officiating. Mr. and Mrs. Clark will make their home at Bear Wallow, Madison county, where Mr. Clark has a farm.—Alfred Wood, who taught our school and gave such unanimous satisfaction, and was employed to teach the same school this year, taught two months and resigned and entered the medical school. Sherman Chastain, who was teaching Climax school, resigned and accepted our school and trustees of the Climax school employed J. W. Cox to finish that school. The people regretted very much to give Mr. Wood up. He is a bright, promising young man. John R. Cope, who has been so low, is no better.

A girl seldom has occasion to cry for help when a young man kisses her—probably because he is able to help himself.

And it sometimes happens that a man never disagrees with his wife—because he is a bachelor.

Children Cry FOR FLETCHER'S CASTORIA

BOWLING GREEN, KY. Sept. 20, 1915.

D. M. PENNINGTON, Mt. Vernon, Ky.

Dear Doctor:

The writer has been extremely busy since his visit to your city and has been away from the office practically all of the time. Therefore, he has seemed to neglect you and your epidemic of typhoid fever. It is our pinon, has d upon careful consideration, of what was learned by the writer's visit, that your epidemic is due to the drinking of the water from the Spout Spring, although everything points to pollution of the entire water bearing strata from which these springs and your shallow wells receive their water. The only solution I can see in the case of your city is that you install a pumping station, reservoir and purification plant. While this would cost some little sum to do, still you must consider that in addition to furnishing an unlimited amount of water for all household purposes assuring cleanliness, saving real drudgery for the house wife, as well as protecting health. There is also the great element of fire protection to be considered. I note in the paper that your city has been visited in the past week by a disastrous fire. A few such conflagrations would more than pay the cost of the necessary water plant, and from a cold blooded business point of view, your city can do nothing that will return a greater investment for the money expended.

We shall be glad to render you any assistance in our power for the attainment of this end.
Very truly yours,
D. P. CURRY, State Sanitary Engineer.

Carefully Treat Children's Colds

Neglect of children's colds often lays the foundation of serious lung trouble. On the other hand, it is harmful to continually dose delicate little stomachs with internal medicines or to keep the children always indoors. Plenty of fresh air in the bedroom and a good application of Vick's "Vapo-Rub" Salve over the throat and chest at the first sign of trouble, will keep the little chaps free from colds without injuring their digestion. 25c, 50c, or \$1.00.

Mrs. Bessie McClure and sister, Miss Sallye Reynolds left yesterday for Corbin, Jellico and other points for a two weeks' visit. Miss Amy Proctor will fill Mrs. McClure's place in the post office during that time.

I. M. Brown, of East Bernstadt, who owned the lively stable and restaurant, which burned last Thursday night, was here Monday and indicated that he would rebuild the restaurant, and would begin work at an early date.

Judge and Mrs. R. G. Williams are feeling much better about their son, Richard III, which was bitten by a mad dog, or supposed to be mad dog. He has had the full 21 doses of the Pasteur Treatment and every indication points that none of the poison entered the system.

George, William and James Owens visited their mother, Mrs. Kate Owens, last Sunday, taking their children along. There were present the three children of Mrs. Owens, mentioned above, twenty grand children, and six great-grand children. It was not a family reunion, they just happened to go on the same day.

Rev. John Macmillan is in Louisville to-day to secure a residence to move to next week. We regret very much to lose Rev. Macmillan and his wife, and the church going people of Mt. Vernon will miss him greatly from the pulpit, in which station he has been a favorite since his first visit to Mt. Vernon. Since we must lose, we trust the change will be a profitable one to him and his, and the cause which he represents.

Miss Martha Sparks left first of the week for Nashville where she entered a college.

Mr. and Mrs. Jack Fish, of the Wildie section, are the proud parents of a brand new boy.

The Langdon Memorial and Graded schools are starting off under the best of conditions. The ending is as good as the beginning this will be a splendid school year for both institutions.

If you favor the issuing of bonds to install Water Works, now is the time to say so. \$10,000 will install a first class plant. Figure what it means to the town, and from a standpoint of health and fire protection, figure the cost such a plant will pay for itself in a few years.

SPRO DEFEATED:—The Spiro base ball boys vs the Level Green boys again Saturday, with Payne "Speedy Boy" pitcher and Mullins catcher. But the Level Green boys with McKenny pitcher and Buchanan catcher, out classed them and won by a score of 11 to 2.

The Dixie Land Co., of Middleboro, Atty. John Howard, President, has closed a deal involving 2,000 acres of coal, timber and farming lands in Laurel county, which is in close proximity to the Dixie-Boone Highway. They will very soon develop a part of this and will lay part of it off in subdivisions for small farming and truck gardening.—3 Sts.

The town board deserves much credit for the improvements which have been made to the streets. No board has ever made more improvements, revenue considered, than the present board. Two or three more years like the present year and Mt. Vernon will have streets second to no town in Kentucky and the beauty about it, that it has all been paid for.

WATER WORKS Estimates are being made up on the proposition of putting in a water works system in Mt. Vernon. It is believed that a comprehensive system can be established for \$10,000. The business and professional men favor the proposition for either a stock company, private individuals or others to build it, or to put the question before the citizens as to advisability to vote a bond issue for the construction of the plant.

Pineville lost a half block of buildings by fire. A team of mules and one horse were lost in the conflagration.

In order to get the State aid money due the county, it is necessary to start the road work and at a meeting of the Fiscal Court Wednesday an order was made calling for bids for the construction of the seven miles leading from Mt. Vernon to Round-tone, the route having already been surveyed and approved by the State Commissioner. Read the order on first page.

Mr. Robert E. Spence, County Agent of the U. S. Department of Agriculture, will speak to the business men and citizens of Mt. Vernon and Rockcastle county at the Court House to night at 7:30 o'clock. Mr. Spence is doing good work in the agricultural line in this county and it is hoped there will be a good crowd present to hear him. Every farmer is invited to come and bring his family.

FRANCIS HYSINGER:—Mr. Jack Hysinger and Miss Willie Francis were married last Saturday evening at the home of Mr. and Mrs. J. W. Vanwinkle. Mr. Vanwinkle performing the ceremony which made them man and wife. The groom is one of Rockcastle's most progressive farmers and best citizens. The bride is the youngest daughter of Dr. and Mrs. W. T. Francis, and possessed of the many graces of mind and heart, will fill the home she will adorn with happiness and will prove to be truly a helpmate and companion by the husband she has chosen to honor with her hand. The Signal joins with their many friends in extending congratulations to this splendid couple.

PONDER-BAKER:—Mr. Fred Baker, the only son of Mr. and Mrs. U. G. Baker, of our city, and Miss Carrie Ponder, daughter of Mr. and Mrs. Daniel Ponder, of Livingston, were married last Sunday at the home of the bride. The Rev. Jones officiated. The wedding was a very quiet affair, witnessed only by a few close friends and relatives. The happy couple came to Mt. Vernon on the afternoon train and for the present are with the groom's parents. The bride is an exceptionally beautiful and attractive young lady. The groom is from one of our best families, and those who know him, consider him one of the coming young men, who will make his mark in the business world, following in the footsteps of his father, who is one of the county's best financiers. The congratulations on the happy event are numerous and this paper is greatly pleased on this occasion to add its hearty good wishes to those being so freely extended.

STATE RESERVE:—For the benefit of those who do not know, or those who have probably forgotten, we desire to again call attention to that territory of Rockcastle, which was recently stocked with Ring Neck Pheasant furnished by the State, and which territory is held as a State Reserve. The territory is included within the following boundary: Beginning at the Big Fill and running direct line to Orlando; thence up Roundstone creek to Langford, thence with Renfro creek to that point where the Richmond road crosses said creek, thence with the Richmond road, including all lands East of said road to the beginning. A number of the farmers have gone to considerable trouble and expense to get these birds and in order to protect them for a period of five years, no time will be lost to prosecute anyone guilty of killing or molesting them in any way. The law is very plain and for the benefit of the hunters our advice is to stay off this property. If found on the property included in this reserve with a gun, the offense is just the same and the offender will be prosecuted. Game Warden Wallace Laswell requests us to say that he will see to it personally that all persons violating any part of these provisions will be prosecuted to the extent of the law.

RUPTURE

EXPERT HERE.

Seeley, Who Fitted Czar of Russia, called to Richmond.

F. H. Seeley, of Chicago and Philadelphia, the noted truss expert, will be at the Glendon Hotel and will remain in Richmond Friday only, Oct. 1st. Mr. Seeley says: "The Spermatic Shield is now used and approved by the United States Government, will not only retain any case of rupture perfectly, affording immediate and complete relief, but closes the opening in ten days on the average case. This instrument received the only reward in England and in Spain, producing results without surgery, injections, medical treatments or prescriptions. Mr. Seeley has documents from the United States Government, Washington, D. C., for inspection. All charity cases without charge or if any interested call, he will gladly show same without charge or fit them if desired. Business demands prevent stopping at any other place in this section.

ADVERTISE!

Mr. Business Man, have you thought about the fact that each succeeding year the mail order houses are increasing their sales, and other sales, and their business continues to flourish regardless of howling hard times?

Why is it that a mail order house can sell \$4000 to \$6000 worth of goods a year to Corbin people and vicinity and let them pay the freight on them, while merchants here handle almost any article that is ordered, and at a price that is no higher and oftentimes even less? They do it. If you will keep a check of the parcel post, the express and freight offices, you will find that more than the above amount is yearly being shipped into this town by the mail order houses. You can't educate the people to hunt here for what they want, when it is pictured a thousand places in a thousand homes, in ten thousand catalogues. You must fight fire with fire. Advertise. Advertise every week. Advertise continually and persistently. Advertise like the mail order houses do, and watch the result within the next few years, otherwise the home merchants will have to give way to the foreign mail order houses, who will certainly take the day.—Corbin Times

WORTH \$1000 TO JOHN ROHRMAN

Former "Ice King" of Louisville Tells Why He Likes Tanlac.

Louisville, Ky., Sept. 23.—John Rohrman, known to almost every body in this city as the "Ice King" of Louisville, is among the large number of persons who have used Tanlac with the most beneficial results. Mr. Rohrman Said:

"Less than two weeks ago I obtained this Tanlac. The medicine was just what I needed. It went straight to the spot. I strengthened right up—my appetite is improved as well as my sleep. If I had paid \$1000 for the medicine it would have been worth that to me. The anticipation of taking the next dose of Tanlac is a real pleasure."

There is no better tonic for weak, run down and anaemic persons than Tanlac. It is a splendid up-building tonic, blood purifier and tissue builder. It is especially beneficial in case of stomach, liver and kidney troubles, rheumatism, nervousness, debility, catarrhal and bronchial troubles, coughs, colds, the after effects of pneumonia, la grippe and the like. Tanlac is now obtainable in Mt. Vernon, at the Drug-store of Chas. C. Davis and can also be obtained at the Central Drug Co. Livingston, and John Robins Drug store Brodhead, Ky.

BOONE WAY MARKERS

The above is a design of marker used by the Lancaster Commercial Club in marking each mile of Boone Way over that route thru Garrard county. Arrangements will soon be made for the erection of markers from Louisville to Crab Orchard. It is likely that the Jackson Highway and Boone Way will use the same road-bed between Lexington and Louisville. Each highway will place markers using opposite sides of road. Markers will be placed over line between Crab Orchard and Cumberland Gap when the highway is completed some time in 1916, except Bell, which county is expected to have Dixie-Boone Highway finish this fall. Markers are expected to be placed at that time.

COME home to dinner with me and have some of my wife's good bread made from MORNING STAR FLOUR

The majority of men relish good, fresh, tasty bread and miss it keenly when compelled to eat ordinary bread.

Complete confidence comes to the woman who uses the Morning Star Flour in her bakings, confidence when she buys, for every sack is guaranteed to give satisfaction, confidence when she bakes for Morning Star Flour never goes wrong, but goes further than usual flour by making more loaves to the sack, causes the least care in the mixing, and kneading, and produces the most satisfying bread, light, sweet, snowy white loaves with crusts delicious and tender, and there is least waste from stale ends and dry crusts, for bread made from Morning Star Flour keeps fresh longer than other. It permits of baking more loaves at a time and less often, thereby saving in work, fuel and care.

Until you have tried Morning Star Flour you will never know a perfect flour

Forest Fires

The Greatest Destructive Agency to the Forests of the State

FOREST fires undoubtedly are one of the greatest destructive agencies to the forests and property of the state. It is estimated that from 1911 to 1914 the annual loss from forest fires was \$330,000 each year and that there were annually 175,000 acres burned over. A study of the forest fire situation by the state forester since 1913 has shown that over 60 per cent of the known causes of fires reported to his office were due to carelessness and that they

at a time when winds are not blowing and when the ground is not so dry that fire would spread in every direction from the area to be cleared. Also a little care in clearing the space outside the area to be burned over would go a long way in preventing the spread of fire. In the fall the hunters do a large amount of damage and 'possum hunting, burning down trees to

could have been prevented by reasonable diligence on the part of the individual. The two chief causes of forest fires are burning of brush in the spring and hunting in the fall. It is easy to see that with a little care both of these causes could be eliminated. Brush could very easily be burned at

obtain these animals, worth a few cents, and the result is that timber worth several thousand dollars is destroyed. Bee hunters also set fire to the trees to get the honey, and boys and other individuals set fire to the leaves on the ground to burn them off in order that they can easily find the nuts. Fires from these causes do a large amount of damage each year, and a little care and thoughtfulness would prevent them altogether.

Erosion Caused by Cutting Away Forests at Headwaters of Streams

A large portion of this farm was washed away in a freshet. The farm formerly came to the present edge of the stream.

An Upland Forest

The forest fires have been kept out of this area, and the timber is in first class condition. Defects due to forest fires reduce the value of the timber products as high as 50 per cent. Good trails make the protection of the timber an easy matter.

ED DIDN'T COME BACK

The following is a letter to the experience of Ed G. when he went to teach his first school: "Want to get board here for the winter he? It's a normal school to the young one. I have been engaged to teach the winter school in that district. Well, I guess we can accommodate you if you're a mind to just sort of take things as they come. We don't put on no airs here we don't. We're just plain every day kind of folks an'—here, you Bill, keep your fingers out'n the teacher's pocket, and Buck, you give him back that watch and chain or I'll larrup you good! 'As I was a-sayin' Mr Ed, the teacher gin'rally board here, and—Mary Jane, git off the back of the teachers chair, and—Jack, you bet'er bring his hat back 'fore I give you a good warmin'!" "Yes, sir, Mister Ed, you'll find us plain sort of folks, and—Tom if you and Zed don't stop stickin' pins into the teacher he'll not let you sleep with him when he comes here to board. You see mister Ed, the boys they take it turn about, two at a time, a sleep-

Their annual Friendship the 20th, conducted by Rev. Dr. As. of Tennessee. There was quite a reunion with the Hatcher brothers last week. T. E. Hatcher, of Norton, Va.; J. V. Hatcher, of Cornin; T. S. Hatcher, of Lebanon Junction, and R. B. Hatcher, of Louisville, pleasantly surprised their mother by coming last Friday for a few days' stay. Miss Ola DeBord was in Mt. Vernon last Friday and Saturday taking examination. Mr. and Mrs. T. J. Brown and son, Jasper Murrell, of Somerset, were the guests of Mr. and Mrs. T. J. Niclev. Thursday and Friday. T. S. Barr, of Wilmore, Ky., was here one day last week on business and remained over night with R. H. Brown. Mrs. Julia Bray and baby, of Wadd, are spending the week with her parents, Mr. and Mrs. J. S. Thompson. W. E. Hasty is able to be up again after a continued siege of malaria. Mr. and Mrs. O. J. Mullins and little son, spent Sunday and Monday with her parents near Ocala. Rev. C. B. Candler filled his regular appointment at Burnett's chapel last Saturday and Sunday. The Teachers' Association that was held here on the 10th was almost a failure as a teachers' association, for there were only ten teachers present, but it was an enjoyable day. The pupils had some very interesting recitations. They as well as their present and past teachers are to be congratulated for the training they have and interest they have taken. Miss Ora Brown has been very sick for the past two weeks. W. M. Snyder spent last Saturday with Roy Saylor at Valley Oak. Level Green and Sproul ball teams played their second game on the former ground last Saturday, which ended in a score of 11 to 2 in favor of Level Green.

ACUTE INDIGESTION.

"I was annoyed for over a year by attacks of acute indigestion, followed by constipation," writes Mrs. M. J. Gallagher, Geneva, N. Y. "I tried everything that was recommended to me for this complaint but nothing did me much good until about four months ago I saw Chamberlain's Tablets advertised and procured a bottle of them from our drug-gist. I soon realized that I had gotten the right thing for they helped me at once. Since taking two bottles of them I can eat heartily without any bad effects." Sold by All Dealers.
